

March 2019 Board of Education Report

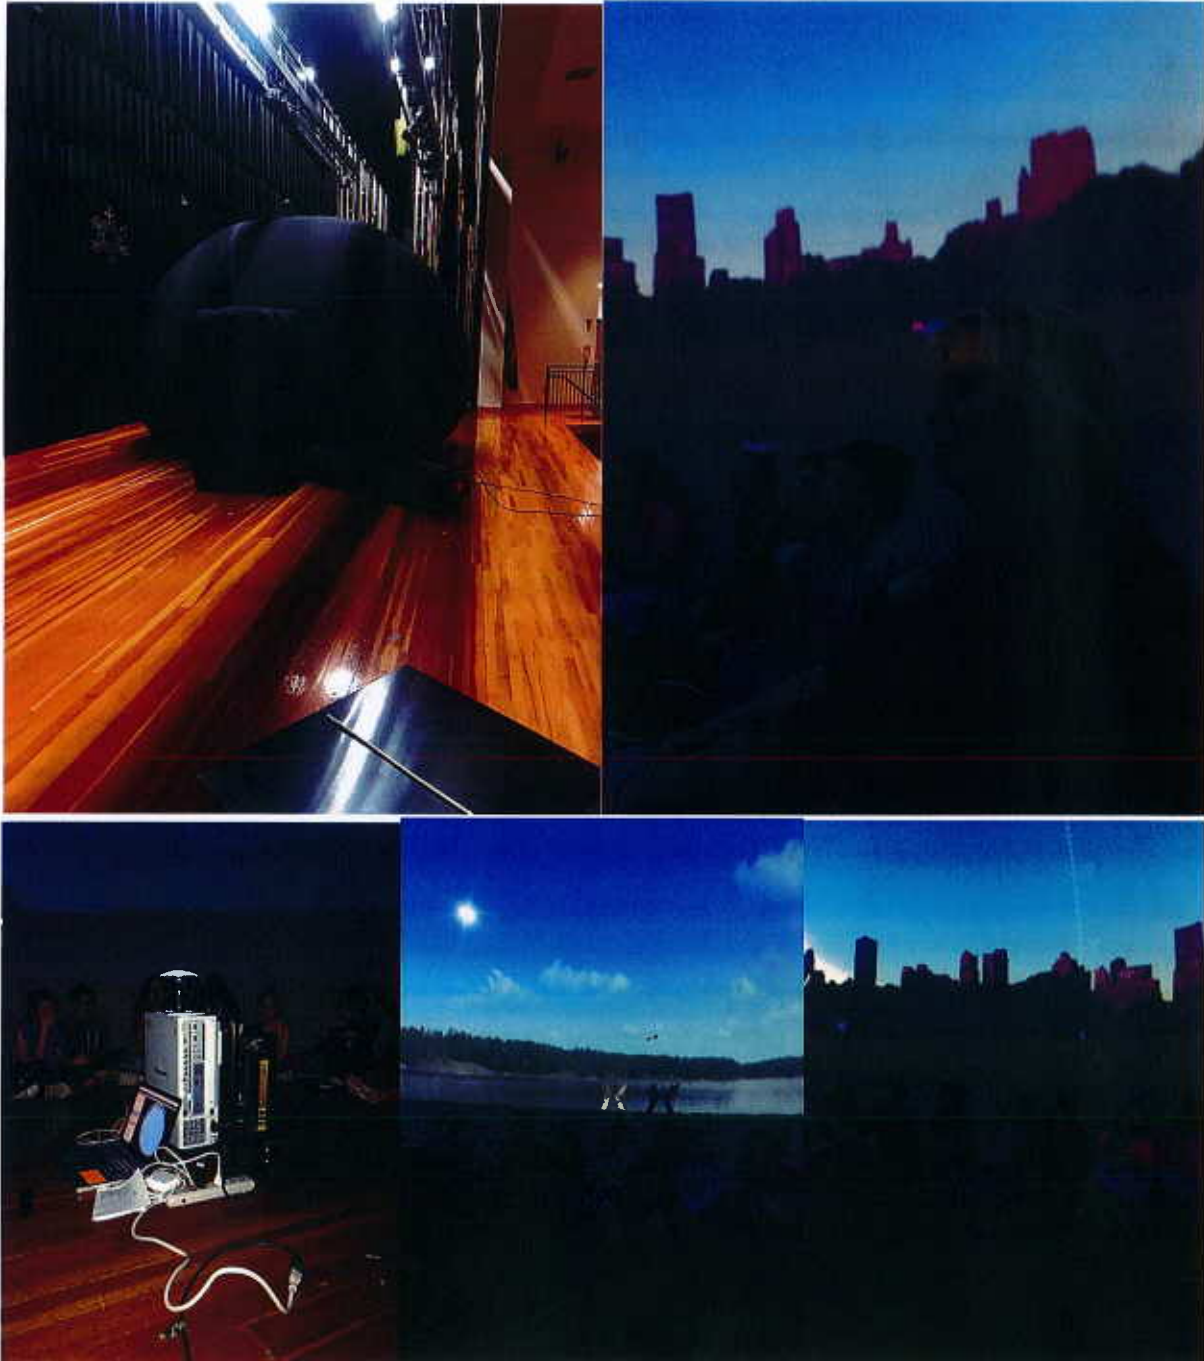

Brian Edmister, Elementary Principal

The Tooth Fairy, Anne Campbell, visited our Elementary and taught them a little about oral hygiene.

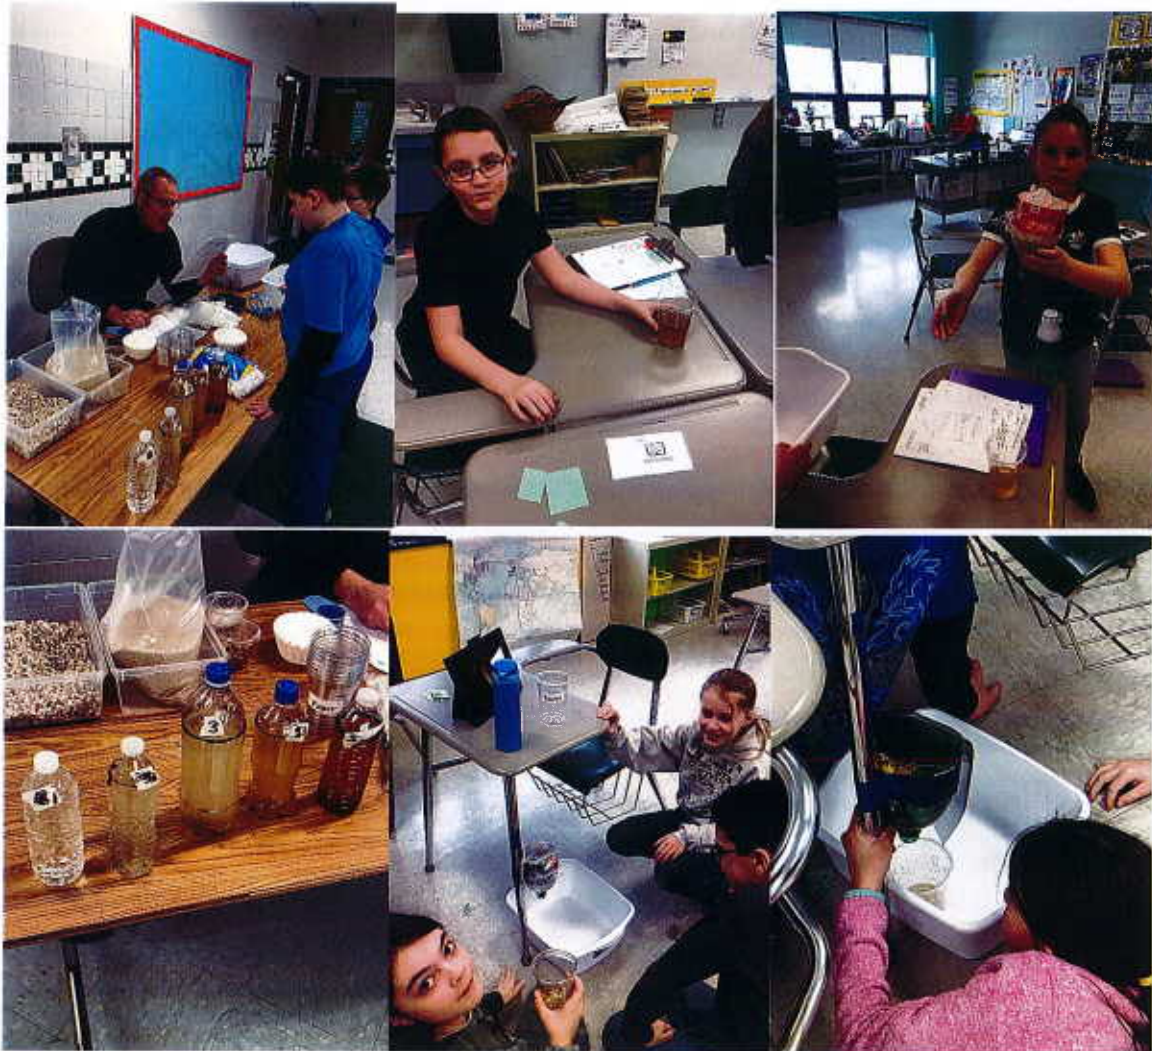

2019 Valentine's Day Dance! What a fantastic time!

Ms. Simpson arranged for the all-new Star Lab to come to our stage. Students got to experience the revolution of the earth in an all new way. Day and night could be switched at will, and there were lots of 'oohs' and 'ahhhs'!

Students had a great time on the 100th day of school!

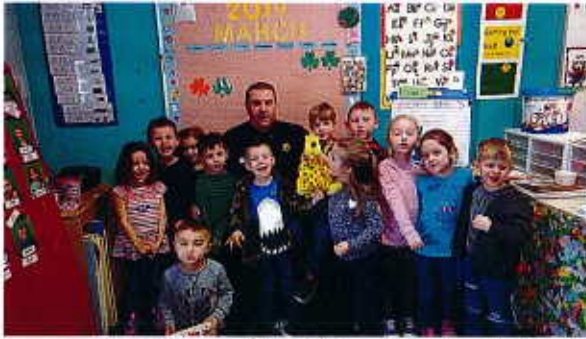

Our 5th grade team of Ms. Auman, Ms. Deichmann, and Mr. Gyr set up a store for students to “purchase” materials to use in homemade water filters. They had to try to remove the sediments and coloring from the water using filters of their own design. It was a great example of a multidisciplinary STEAM lesson!

The Family Fitness Night was a huge success. Thank you Ms. Campbell for all of your hard work and coordination! We had Super Yoga, Obstacle Course, Dance, Ninja training, and healthy snacks!

Literacy Night was a great time. Ms. Wesche and team planned a fun evening of reading, arts, and laughter. Thank you to the Alfred State Football players who came and read to our kids during this event.

Read Across America week was a lot of fun! We had readers from all walks of life!

Our Elementary OM (Odyssey of the Mind) teams did very well this year. Both Ms. Majot's team and Ms. Emrich's team will be going on to compete at the State Competition in Binghamton later in March. We are very proud of the hard work they have already done and the work they will do as they head to States!

Check out the PJC on Facebook for even more amazing things from the GV Elementary!
